

# IN DEDUCTION TO HIS HOLINESS POPE JOHN PAUL II

On May 10th, 2000, Pope John Paul II blessed the master mold models of the Virgin of Guadalupe medallion and the Blessed Cross with the image of the Holy Father. These rare medallions can only be manufactured by renowned artist and designer Michael De Medina.

Blessed Sacred Heart Cross

Virgin of Guadalupe  
Medallion

The medallions were made to commemorate Pope John Paul II's historic visits to America, Mexico and the Philippines and the Holy Father's message of world peace. It has been said that the medallions with the Pope's image are unique because he only blessed one other jewelry item with his likeness on it.

In celebration of Pope John Paul II beatification and eventual canonization to becoming a Saint, these unique and rare pieces of art are now exclusively available for purchase only from American Metal Arts.

If you, your church or organization is interested in this unique reselling or fundraising opportunity, we would love to hear from you. Please give us a call at **818.727.009** or visit us on the web at **[www.metalartsusa.com](http://www.metalartsusa.com)** for pricing and ordering information.

Each medallion comes in its own high quality gift box
